Convention & Expo

EXHIBITOR
BROCHURE

SprayFoam 2022 Exhibitors

There is no event more focused on delivering the greatest experience for spray foam professionals than SPFA's annual SprayFoam Convention and Expo. We are excited to deliver that experience again in Texas in 2022! This show is going to be awesome because for the first time ever, we had an entire extra year to plan it!

In our rapidly changing business environment, there is no better time to strengthen your industry relationships and deliver your unique message than now. The SprayFoam 2022 Convention and Expo is the best show that represents your tie to the entire SPF value chain from contractors to systems houses, consultants to equipment techs, and everyone else in between that's invested in our industry.

As a spray foam contractor and your SPFA President, I can personally say each year the Exhibit Hall is one of the biggest draws of the convention. Just like myself, decision makers are searching for new technology, tools, and best practices to run their businesses in this fast-moving industry.

The exhibit hall has always been the best place to make the connections people are looking for so we provide plenty of time for it. We've taken steps to make sure that your time (and that of the attendees) in the exhibit hall is as focused as possible. Unlike other shows, we dedicate full and exclusive time each day to the exhibit hall rather than having ongoing competing events.

What better way to stay on top of new developments and products while also delivering your unique message than exhibiting at SprayFoam 2022? It's easy to do this here because the who's who of spray foam is there, and I hope you will be too. The SPFA is fully committed to this event and the positive experience of all participants. We stand ready to serve you, creating the environment that is ripe for success in 2022 and the years that follow!

I look forward to seeing you, your products, and company expertise on display at the show! Your booth is a big part of giving SPF professionals exactly the kind of information and relationships they are looking for to succeed in the industry. Please reserve your booth today!

Sincerely,

Bryan T. Heldreth
