

AAAI-18 Exhibitor Information

On behalf of AAAI, we invite you to exhibit at the Thirty-Second AAAI Conference on Artificial Intelligence to be held February 2-7, 2018 in New Orleans, Louisiana, USA. Each year the AAAI conference brings together over 1,800 AI researchers and practitioners from around the world. Your participation at AAAI-18 is an excellent way to reach the leading scientists who are conducting groundbreaking research in artificial intelligence. Whether you want to showcase your intelligent technology services to the AI community, or tap into this incredible source of talent, AAAI-18 is the premier venue to accomplish these goals.

The AAAI/ACM SIGAI job fair invites students and professionals looking for internships or jobs to meet with representatives from companies and academia in an informal "meet-and-greet" atmosphere. In the beginning of the event, one representative from each organization has the opportunity to introduce the organization and its job opening(s) for about 1 minute. Afterward, all attendees have a chance to mingle.

Conference and Exhibit Schedule

AAAI-18 Conference:	February 2 – 7
Exhibits / Competitions:	February 4 – 6
